

Badminton Service Courts

Where to serve from, where it has to land

Even score (0, 2, 4 ...): serve from the RIGHT service court. Odd score (1, 3, 5 ...): serve from the LEFT.

The serve must land past the short service line (1.98 m) and, in doubles, short of the long service line (0.76 m in).

Whole shuttle below 1.15 m at the hit; both feet still; in doubles, partners keep their courts until the serving side wins a rally.

Rally scoring to 21, win by 2, first to 30 if it reaches 29-29; best of three games.
