First Presbyterian Church
The Rev. Catherine Wells, Presiding

BIOGRAPHY

Dr. William Arthur Langston practiced family medicine for forty-five years and delivered, by his own careful count, 2,104 babies. He made house calls long after it was fashionable and kept every thank-you note.

He served on the hospital board, endowed the nursing scholarship that bears his wife's name, and played a patient, losing game of chess. He is survived by his daughter, Dr. Helen Langston, his son, Arthur, and five grandchildren.

ACKNOWLEDGEMENT

The Langston family wishes to express its gratitude for the many tributes to Dr. Langston and for the kindness extended by his patients, colleagues, and friends.

Be still, and know that I am God.
