HOMESCHOOL ATTENDANCE & HOURS

180 boxes for 180 days, and an hours log with the core / non-core and home / away columns some states require.

Student _____ **School year** _____

State requirement (days / hours) _____ **Start date** _____

Portfolio & work samples added this month

Requirements differ by state and change: some count days (often 180), some count hours (Missouri's 1,000 with core/location splits is the usual reason for the extra columns), some want a portfolio or a quarterly report. Check your state's current rule.
