		BULL		
		POINTS		

Marks: one hit / two hits X three hits (closed) X in a circle. A single is 1 mark, a double 2, a treble 3; the bull counts 25, the inner bull 2 marks.

Once you have closed a number, further hits on it score points (the number's value per mark) until every opponent has closed it too.

Win: close 20 through 15 and the bull with points equal to or more than every opponent. Cut-throat: points you score go ON the opponents -- lowest score wins.

Two players: use the Player 1 and Player 2 columns. Teams: one column per team; partners alternate turns.
